

A message from Sefton School Board of Trustees

What an interesting start to the new School Term. Our school staff have worked so hard over the holiday break preparing and getting our “home learning” ready for our school families.

This lockdown is something our school families have never experienced before especially home learning - this is equally new for all our school staff. We appreciate how they have adapted and used their wonderful skills to provide our school families with some great tasks but also realistic learning opportunities for our children in their homes. The communication and support to the children and caregivers from our teachers has been fantastic. The Board of Trustees would like to say a big thank you to David and all Staff for their hard work making this possible.

Well done to the children and caregivers too. These have been challenging times for all families but it has been lovely seeing and hearing all the activities and projects that children and whanau have been enjoying together at home.

Finally, please continue to support each other during this time. A phone call, text, email to another “bubble” makes a huge positive impact on someone’s day. Let’s keep supporting each other and our community the best we can during this time.

Take care everyone, Nga mihi nui
Sefton School Board of Trustees
